

DISTRICT OF COLUMBIA TAXICAB COMMISSION

NOTICE OF EMERGENCY AND PROPOSED RULEMAKING

The District of Columbia Taxicab Commission (“Commission”), pursuant to the authority set forth in Sections 8(c) (2), (3), and (19), and 14 of the District of Columbia Taxicab Commission Establishment Act of 1985 (“Establishment Act”), effective March 25, 1986 (D.C. Law 6-97; D.C. Official Code §§ 50-301.07(c) (2) (3), and (19), and 50-301.13 (2014 Repl. & 2015 Supp.)) hereby gives notice of its intent to adopt amendments to Chapters 8 (Operating Rules for Public Vehicles for Hire) and 99 (Definition) of Title 31 (Taxicabs and Public Vehicles For Hire) of the District of Columbia Municipal Regulations (DCMR).

This emergency and proposed rulemaking amends Chapter 8 to immediately establish a more competitive pricing structure for taxicab shared rides in vehicles equipped with legacy (non-digital) taximeters. The rulemaking allows the reprogramming of these taximeters for a new “special shared ride distance rate” of one dollar and twenty cents (\$1.20) per mile (or fifteen cents (\$0.15) per one-eighth (1/8) of a mile) while all other taxicab rides using the street hail rates in § 801 would continue to use the existing “general distance rate” of two dollars and sixteen cents (\$2.16) per mile (or twenty seven cents (\$0.27) per one-eighth (1/8) of a mile) for all other rides. In addition, the one dollar (\$1.00) additional passenger fee would not apply to any segment of a shared ride where the special shared ride distance rate applies. The rulemaking also clarifies the language throughout § 801.7 (c) (the Commission does not intend to make any substantive change in § 801.7 (c) as a result of these language clarifications), and adds appropriate definitions to Chapter 99.

The Washington Metropolitan Area Transit Authority (“WMATA”) has begun its SafeTrack safety program, to accelerate major repairs to the Metrorail system. SafeTrack safety surge projects are expected to cause major delays in Metrorail service and attendant transportation disruptions throughout the District and surrounding areas. To address the need for increased for-hire demand during these periods, the Commission has issued an administrative issuance which, among other things, expands customer choice by allowing passengers to use shared riding arranged by operators, in addition to allowing them to choose single-passenger trips. The Commission finds there is an immediate need to preserve and promote the safety and welfare of District residents to ensure a supply of for-hire service adequate to meet the expected sharp increase in customer demand during SafeTrack, by encouraging the use of shared riding through a more competitive rate structure for vehicles with legacy (non-digital) taximeters.

This emergency and proposed rulemaking was adopted by the Commission on June 23, 2016 and took effect immediately. The emergency rulemaking will remain in effect for one hundred and twenty (120) days after the date of adoption (expiring on October 21, 2016) unless earlier superseded by an amendment or repeal by the Commission or the publication of final rulemaking, whichever occurs first.

The Commission also hereby gives notice of its intent to take final rulemaking action to adopt these proposed rules in not less than thirty (30) days after the publication of this notice in the D.C. Register. Directions for submitting comments may be found at the end of this notice.
